Spare Ration Stamp 53, good for five pounds of sugar, will expire on March 31 instead of on April 1 as originally planned. A. D. Simpson, Jr., OPA Regional Sugar Executive, emphasized today in Atlanta. A new stamp, good for ten pounds of sugar will be validated effective April 1, he said.

There will be no special home rationing sugar stamps this year and so of sugar from the new 10- and 20-ounce stamps to be validated effective April 1 must be so planned to fill all needs.

"Changing the value of ration stamps from five pounds to ten pounds does not mean that consumers will get twice as much sugar," Mr. Simpson declared. "It simply means that in order to make our present supply of ration stamps last longer, the rest of this year's supply will be available 10 pounds at a time instead of five pounds at a time."

"We must emphasize," Simpson continued, "that no one yet knows exactly how much sugar will be available to this country for use in 1947. This will depend on decisions made by the International Food and Economic Council which allocates each country a share out of the total world supply. Department of Agriculture spokesmen have said they expect our 1947 allocation to be a little larger than in 1946. But no one yet knows exactly what it will be."

Mr. and Mrs. R. Y. Godsey and their son, R. Y. Godsey, Jr., were in the city last night with Mrs. Godsey's mother.

R. L. Cordell, recently discharged from the Navy, has purchased a saw mill and will operate it on his father's place.

Paul Garver was in Lynchburg yesterday, where he succeeded in purchasing a utility saw which he intends to use for sawing timber for himself and wood for his neighbors.

62 Special Agents of Allies to Register in U. S.
WASHINGTON - Department of Justice said that 62 agents of Axis governments would be required to register their activities in this country.

During the war they were exempt from public disclosure of their work. The government cancelled this war-time procedure. It said that from now on all registration statements will be available for public inspection.

Britain tops the list of Allied governments with 22 agents who received exemptions. Czechoslovakia has 12, the Netherlands 11, France and China 10, Russia has 2.

Farm Income in 1946 Is Put at 21 Billions
WASHINGTON - Cash farm income during the first 11 months of 1946 totaled \$21,600,000,000, an increase of 14 per cent over the corresponding period last year, according to the agriculture department.

Department officials said the earnings made by virtually certain cash farm income will set a record in 1946.

Receipts from livestock were up about 10 per cent over last year despite marketing slumps. Producers were protesting OPA price ceilings. Crop cash returns were about 19 per cent higher than in 1945.

Much of the cash income increase was due to larger livestock markets in the last half of the year. The increase in crop prices was mainly from hikes in prices of oilbearing crops after controls were junked.

One of the youngest great-grandmothers in the country is Mrs. Emile Lombard, 53, former opera singer and wife of famed baritone, Mario Lombard. Photo shows great-grandmother holding month-old Keith Lee Montell, daughter of Mrs. Joyce Montell, 18. Grandmother at left is Mrs. Lenore Lombard, 50. All multi-generations are or have been on the stage.
